

To my fellow PGA Professionals,

I am reaching out to you for your support of the position of At-Large Board Member for the Southern Texas PGA at the annual meeting this February 2019 in Horseshoe Bay, TX.

My journey with the Southern Texas Junior PGA started when I was a young golfer playing in events all over South Texas. I joined the STPGA in 2010, as an apprentice. I worked at McAllen Country Club for 3 years and in 2013 I continued my apprenticeship at Deerwood Golf Club. As of April 2017 I have been a Class A PGA member.

Currently, I work for GT Golf Supplies, a wholesale distribution company dedicated to providing a one stop solution for pro shop supplies, retail accessories and golf course needs. We are proud to announce our sponsorship for this year's Memorial Championship at Golf Crest in Pearland, TX this March.

"Why would anyone run?" You may ask yourself, the answer is... to serve. I want to get involved and help everywhere I can. I want to listen to my fellow professionals, and come up with ideas to help us grow and get better as an association.

A couple things to know about me and what I stand for are...

1. The Value of the PGA Professional Badge. We need to increase our value as professionals, on and off the golf course.
2. We need more involvement from our PGA Professionals. We have less than 20% participate in a section tournament, annual meetings, and section pro-ams.
3. We need to help each other. We need to work together to grow the game. Offer one another's experience and resources when able.

I have competed at the highest level in junior and amateur golf. I played professionally in various events across the country. I have been a golfer, an assistant, a cart manager, a range attendant, a merchandiser, a teaching instructor, a retail sales manager, a division one university coach and even a caddie. I feel with my experience and energy I can help the Southern Texas PGA and its members become better professionals, and to be one of the best sections in the country.

I want to see this section go forward and grow this game we all love. Thank you for the consideration and hope to be your nominee for At-Large Position on the Board.

Sincerely,
Sean Reeve, PGA
